

Train to Transform: NYM Abortion Training Pathway

1

Attend an Info. Session

- Midwives must attend (or view the recording of) one of our live info sessions.
- Purpose: Learn about the program structure, goals, funding, and expectations.
- 📌 Zoom registration required.

2

Didactic Training

All midwives **MUST** complete the TEACH Curriculum OR the webinar training series with Dr. Drew in order to apply for our training program. *Completion of the didactic training is not required in order to attend a SIM session.*

3

In-Person Simulation Skills Session

- All midwives are required to attend an in-person, hands-on simulation session.
- Midwives will demonstrate readiness through the MVA skills checklist & complete a competency evaluation.

4

Submit Training Application

Complete and submit the NY Midwives Abortion Trainee Application Form

Provide:

- Updated resume or CV
- Proof of didactic training completion
- 3 professional references
- Letter of good standing or recommendation

5

Application Review

- Applications are reviewed by the NYM training team on a rolling basis
- Review includes evaluation of clinical experience, readiness, and alignment with program goals.
- Applicants may be contacted for clarification or a brief interview.

6

Acceptance & Pre-Training Requirements

- Accepted midwives will receive an acceptance email and onboarding packet.
- The onboarding packet will include any specific requirements for your clinical placement site and any documents/regulatory verifications that may be required.

7

Clinical Placement

- Midwives are matched with an approved NYM clinical preceptor & required to complete a minimum number of supervised abortion-related procedures.
- Midwives are required to submit clinical logs and ensure that their preceptor site submits their evaluations and timesheets.
